### **Description:**

Disan is an Italian company based in Bolzano, specializing in the development, production, and distribution of central vacuum systems for residential, commercial, and industrial applications. The company has over 30 years of experience in the sector and stands out for the high quality of its products as well as for innovative technological solutions dedicated to professional cleaning and

improving hygiene standards in buildings. Thanks to continuous research and development, Disan creates reliable and durable systems that ensure high performance, low maintenance costs, and a high level of comfort for the end user. Disan products are distributed internationally through a network of installers and commercial partners in numerous countries.
