Canada

Description:

We are a family-run company on an international growth path. Since our founding in 1967, we have successfully positioned ourselves as a South Tyrolean company based in Freienfeld/Sterzing in several niche markets. ++++ In addition to the ice rink sector and the internationally successful REALICE - Ice Rink Technologies brand, we are also successful in the All-Terrain (snowmobiles, ATVs and SSVs, snow blowers) and Road & Airport (including winter services, municipal solutions, ground support equipment) business areas.
